

Spring Term Highlights

Year One

Marvellous Musicians

We have been lucky enough this term to have our music lessons delivered by Mrs. Locknee. We have been learning to sing songs about the Great Fire of London and learning about beat and rhythm.

Godly Play

During Godly Play we have been learning the hymn 'Give me oil in my lamp'. Year one have been singing brilliantly and learning all of the actions with Vicky our school Chaplain. We also learnt about Palm Sunday and had a go at making our own palm leaves.

Historians

In history we year one learnt about the Great Fire of London. They used photographs of Tudor and Stuart houses to inspire them to draw the houses that would have been built on Pudding Lane in 1666. Year one used drawing pencils to draw the outline of the houses and then they used charcoal to deepen the lines and add intricate details to complete the finished affect.

Super Scientists

Year one looked at some frog spawn this term. They learnt about new life and the life cycle of a frog. They were extremely brave and held the frogs and the frog spawn. They said the spawn was slimy, jelly and speckled!

Year one have been working hard in PE. They have played lots of exciting games, practiced how to balance and built up their fitness by completing a run around the playground.
