

## Year 3 Spring Highlights

We've had a very busy term in Year 3. We have learned so much and have continued to show our teacher what wonderful children we are! Here are a few of the best bits.

**Science Day-** We really enjoyed taking part in the Science Workshop all about explosive foods. We learned about how our taste buds work and how Scientists calculate the calories in food by setting it on fire.

**Design and Technology-** This term we have learned to chit potatoes ready for growing. We then used measuring, sawing and joining skills to make lids for containers to turn them into green houses.

In Godly Play sessions we took a closer look at the Easter Story with our Chaplain, Vicky. We then responded to the story in lots of different and creative ways.

We finished another amazing term with a few games of bingo. Mrs Taylor was a super-sonic bingo caller but her speed was no match for our fast fingers and amazing maths skills. It was so exciting!
