

Year One highlights

This term we have had a BRILLIANT time getting to know the children and learning some amazing things together. Have a look below to see what we have been up to!

RELATIONSHIPS - RESPECT - RESILIENCE - RESPONSIBILITY

Maths:

This term we have been working very hard on number formation and ordering numbers up to 20! We have used a variety of practical resources to help us such as number beads, multilink, counters and number lines.

Science:

Autumn is a brilliant season for our Plants topic this term. We have planted beans, identified wild plants around our school and found the difference between evergreen and deciduous trees!

Geography:

In Geography this term we have been looking at the United Kingdom and recognising some famous landmarks in England!

PE:

We have been gymnasts this term, learning how to jump, roll and climb safely and effectively over apparatus!

English:

The book we have been focusing on this term is called *The Night Pirates*. We have loved writing about pirates and we are beginning to create our very own sentences! One day, we even pretended to be pirates stealing treasure!
