

Year 3 highlights from Autumn Two

What a fantastic half term year 3 have had!

We began the term by recapping our work on Moths to Flame and dedicating a whole day to understanding the significance of COP26. By the end of the day the children had created a powerful poem with a vital message which was displayed as a QR code at Pennington Flash for all to hear. Here is a QR code that will allow you to listen to the poem if you haven't already heard it. Your children are truly becoming ambassadors for a better future for planet earth.

During anti-bullying week, children thought about what it means to be a bully and how self-confidence and assertiveness can help us to stay safe. They took part in a martial arts workshop in which they were taught that patience, understanding and kindness are their best weapons for self-defence.

In PE, we began to learn some racket skills. The children found it really tricky staying in control of the ball and moving.

For remembrance day this year, Year 3 and 4 were given the difficult task of learning to perform drills so that during our remembrance service they could march on command. Mr Pilkington (a former Naval Officer) came in to school to teach the children these amazing skills.

We made white poppies as these symbolise peace which is our class value and we laid them on the playground memorial.

It's been another fantastic half term! Spring term will also be packed with more fun and exciting learning and activities.
