

## School Chaplain's Update from Vicky Tyrrell 5/11/21

As part of our commitment to the COP26 Courageous Advocacy Project we have been working hard in school to create our own Westleigh Methodist Primary School version of the Moths to a Flame sculpture, using it as a climate action conversation starter in the wider community. Moths to a Flame national collaborative sculpture that is currently being displayed in Glasgow and some of our Moths created in July 2021 are actually part of this art piece also.

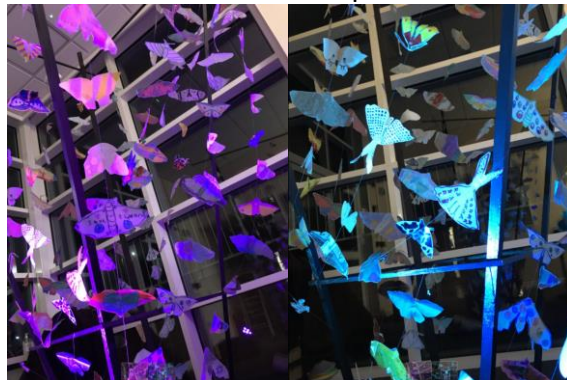

After COP26, our Moths to a Flame sculpture will be part of Wigan Council's light festival, continuing to highlight climate issues and signposting people to ways they too can make their voice heard and affect the positive changes we all wish to see.

Our sculpture will be displayed at Pennington Flash, alongside the fantastic artwork by Luke Jerram's sculpture, you may have seen this on the BBC News coverage of COP26. You can book FREE tickets for anytime after dusk here – it would be amazing for our children to see their own art piece displayed at Pennington Flash all lit up on an evening so please do go along if you can:

<https://www.eventbrite.co.uk/e/luke-jerram-at-pennington-flash-tickets-194512310557>

Below are a sneak peek of what our Moths to a Flame sculpture look like when lit:

Thank you for your commitment to this Courageous Advocacy project.

God Bless.

Vicky
