Statement of intent

Statement of intent

At Westleigh Methodist Primary School, we recognise our school context and have designed our curriculum with the intent that pupils build the secure foundations required to become successful and aspirational adults who seek opportunities, take responsibilities as moral citizens and gain life experiences that extend their horizons. We want children to leave school as 'well rounded' individuals.

The children will do this through our vision **With God, all things are possible.**

The breadth of our curriculum is designed with three goals in mind:

- To give pupils rich and appropriate experiences to develop into confident and responsible citizens;
- To provide a rich 'cultural capital' to provide them with the skills and knowledge to prepare them for life within and beyond Leigh;
- To provide a coherent, structured and progressive curriculum that leads to sustained mastery for all and a greater depth of understanding for those who are capable.

We incorporate three curriculum drivers throughout our curriculum that reflect our school context and address typical gaps in knowledge and skills that underpin the cultural capital they need to be successful citizens. These 3 key drivers are:

- **Culture** which helps pupils to understand and appreciate the diversity of cultures both locally and around the world and gain an understanding how they have impacted on their own heritage and that of others.

- **Possibilities** which helps pupils to build aspirations and gain an understanding of how they may succeed in what they aspire to achieve by making explicit links in learning to possible future careers.

- **Responsibilities** which helps pupils to take leading roles to become good citizens and take responsibility to care for the school, local, national and global environments and understand the part they play in its future.

We aim to provide a coherent, structured, academic curriculum, which is rich in knowledge and skills driven, that will lead to sustained mastery for all with unlimited aspiration, underpinned by the 3 key drivers.

Through the implementation of this policy, we aim to:

- Minimise the disruption to pupils' education and the delivery of the curriculum.
- Teach a planned and well-sequenced curriculum so that knowledge and skills are built incrementally, with a good level of clarity about what is intended to be taught and practised in each subject.

- Set tasks and activities so that pupils have meaningful and ambitious work each day in a number of different subjects which reflects the curriculum which would be taught in school.
- Ensure provision is in place so that all pupils have access to high quality learning resources and strategies –which are consistently applied across school.
- To be responsive to children's learning to enable teachers to adjust the pace or difficulty of what is being taught in response to questions or assessments.
- To differentiate work to ensure the accessibility for all pupils; especially children with SEND.
- Provide printed resources, such as workbooks, for pupils who do not have suitable online access.
- Ensure all pupils have the provision they need to complete their work to the best of their ability, and to remain happy, healthy, and supported during periods of remote learning.
- Remain in communication with parents using Class Dojo or Tapestry
- To set work on the learning platforms Class Dojo (Year 1 to Year 6) and Tapestry (Nursery and Reception) and provide feedback to children around their learning and next steps.

3. Resources

Learning materials

3.1 The school will take a **blended approach** to learning. This means a range of remote teaching techniques will be utilised to revisit prior learning, explain new learning and address misconceptions. It also means that sufficient time will be provided for children to practise their skills and deepen their knowledge independently before moving on.

All pupils will have access to high-quality education through our blended approach. The school will continue to use a range of teaching platforms to offer an inclusive yet suitably challenging curriculum for all pupils, which is closely aligned to the content and delivery of lessons that would take place on site.

Communication between home and school is key for effective blended learning to take place. Teachers will use parental feedback to further support pupils' diverse individual and family needs. Our central platform for communication between teachers and parents is Class Dojo (Year 1 to Year 6) and Tapestry (Nurseries and Reception).

Resources used to support blended learning include, but are not limited to:-

- o   Purple Mash (individual pupil log ins)
- o   IXL (individual pupil log ins)
- o   TT Rockstars (individual pupil log ins)
- o   Microsoft Education (for live lessons only – individual pupil log ins)
- o   Pre-Recorded video and audio sessions via school staff (accessed via Purple Mash or Tapestry)
- o   Recommended Educational Websites e.g. Oak Academy, BBC Bitesize (no log in required)
- o   Paper-based Home Resources Packs
- o   Paper-based Learning Aids and Prompt Sheets

3.2 The School and Teachers may review the DfE's list of [online education resources](#) and utilise these tools as necessary, in addition to existing resources.

3.3 Reasonable adjustments will be made to ensure that all pupils have access to the resources needed for effective blended learning.

3.4 Lesson plans will be adapted to ensure that the curriculum remains fully accessible and inclusive via blended learning whilst aligning to the curriculum content projected for on-site delivery.

3.5 The school will review the resources pupils have access to and adapt learning to account for all pupils' needs by using a range of different formats.

3.6 Paper-based resource packs will be provided to pupils who do not have access to a printer – these packs will be posted out by school.

3.7 Teaching staff will liaise with the Inclusion Manager and other relevant members of staff to ensure all pupils remain fully supported for the duration of the blended learning period.

3.8 The Inclusion Manager will arrange additional support for pupils with SEND which will be unique to the individual's needs, e.g. via weekly phone calls from the Pastoral Team.

3.9 Pupils will be required to use their own or family-owned equipment to access remote learning resources, unless (where the child is eligible) the school agrees to provide or loan equipment, e.g. laptop.

3.10 For pupils who cannot access digital devices at home, the school will, subject to eligibility requirements, apply for technology support through the DfE.

3.11 Pupils and parents will be required to maintain the upkeep of any equipment they use to access remote learning resources.

3.12 Teaching staff will oversee academic progression for the duration of the blended learning period and will mark and provide feedback on work in line with section 7 of this policy.

3.13 If the school decide to use any 'live' lessons, e.g. webinars, will be communicated via the learning platform / Tapestry no later than one working day before the allotted time and kept to a reasonable length of *typically 15 minutes per session*. These sessions take a range of focuses including, but not limited to: providing lesson input, providing intervention or feedback around learning.

Remote Learning during the Coronavirus (COVID-19) Pandemic

Within the ever-changing circumstances we are currently living through, we must be prepared for local lockdowns. In the event of a local lockdown, the school will implement provision for remote learning to ensure pupils never miss out on education. We will ensure that our curriculum is inclusive and accessible to all. This policy annex outlines how we will deliver remote education during the pandemic.

1. Legal framework

1.1 This policy has due regard to all relevant legislation, statutory and good practice guidance including, but not limited to, the following:

- DfE (2020) 'Safeguarding and remote education during coronavirus (COVID-19)'
- DfE (2020) 'Adapting teaching practice for remote education'
- DfE (2020) 'Guidance for full opening: schools'
- DfE (2020) 'Get help with technology during coronavirus (COVID-19)'
- DfE (2020) 'Get laptops and tablets for children who cannot attend school due to coronavirus (COVID-19)'
- DfE (2020) 'Laptops, tablets and 4G wireless routers provided during coronavirus (COVID-19)'

2. Contingency planning

2.1 The school will open to all pupils at the start of the autumn term, in line with national and local guidance.

2.2 The school will work closely with the LA to ensure the premises is 'COVID-secure', and will complete all necessary risk assessments – results of the opening risk assessment will be published on the school's website.

2.3 The school will work closely with the local health protection team when entering into a local lockdown and implement the provisions set within their contingency plan.

2.4 The school will communicate its plan for a local lockdown with parents, including whether it will remain open to vulnerable pupils and children of critical workers, or if remote working will be applicable for all.

2.5 If there **is not** a local lockdown, but a single class or 'bubble' needs to self-isolate, the school will immediately implement remote learning for that group.

3. Teaching and learning

3.1 All pupils will have access to high-quality education when remote working.

3.2 The school will use a range of teaching methods to cater for all different learning styles, this includes:

3.3 Teachers will ensure lessons are inclusive for all pupils and can be adapted to account for the needs of disadvantaged pupils and pupils with SEND.

3.4 When teaching pupils who are working remotely, teachers will:

- Set assignments so that pupils have meaningful and ambitious work each day.
- Deliver a planned, coherent and well-sequenced curriculum which allows skills to be built incrementally.
- Provide frequent, clear explanations of new content through high-quality curriculum resources, including through educational videos.
- Assess progress by using questions and other suitable tasks and be clear on how regularly work will be checked.
- Adjust the pace or difficulty of what is being taught in response to questions or assessments, including, where necessary, revising material or simplifying explanations to ensure pupils' understanding.
- Plan a programme that is of equivalent length to the core teaching pupils would receive in school, ideally including daily contact with teachers.

3.5 All provisions for remote learning will be subject to the class group's age, ability and/or any SEND and will align to in school provision.

3.6 In exceptional circumstances, the school may reduce its curriculum offering to enable pupils to cope with the workload – the Headteacher will assess this need, keeping pupils' best interests in mind, and will not take the decision lightly.

3.7 Teachers will continue to make use of formative assessments throughout the academic year, e.g. quizzes.

3.8 The school will utilise the support available through the DfE's 'Get help with technology during coronavirus (COVID-19)' scheme.

3.9 Under the scheme, the school can access laptops, tablets and 4G wireless routers via the DfE to support the following groups of pupils if they do not have access to a digital device or the internet through other means:

- Pupils in Years 3 to 6

- Clinically extremely vulnerable children across all year groups who are shielding or self-isolating in line with government advice

- Children in all year groups who are unable to access remote education whilst attending school on a hospital site

3.10 Before distributing devices, the school will ensure:

- The devices are set up to access remote education.
- Appropriate safeguarding controls and support are in place to help pupils and their families use the devices safely.

3.11 Once devices are ready for collection, the school will either arrange for them to be collected by families from school or delivered to pupils' homes, ensuring infection control measures are adhered to as part of this process.

4. Returning to school

4.1 The Headteacher / Trust will work with the LA to ensure following any period of lockdown or closure pupils only return to school when it is safe for them to do so.

4.2 After a period of self-isolation, or the lessening of local lockdown rules, the Headteacher will inform parents when their child will return to school.

4.3 The Headteacher and Pastoral team will listen to all concerns that parents may have about their child returning to school and will advise them of the measures in place to ensure the safety of their child.

5. Monitoring and review

5.1 This policy annex will be reviewed in line with any updates to government guidance.

5.2 All changes to the policy will be communicated to relevant members of the school community.

Appendix 2

Dear Parent /carer,

Re: Remote Learning Update

In individual circumstances, where your child is absent due to self-isolating or waiting for test results and is feeling well, we will set home learning tasks from the second day of absence. Tasks will be set through Class Dojo / Tapestry. You will receive a daily timetable which will link to current learning in class.

As you know, if a 'bubble' has to close, we will be delivering all of our learning remotely from the first day of closure. This will be via the learning platform, Purple Mash. School will be taking a blended approach to learning using a range of teaching strategies and resources. Moving forward, we may also be using the Remote Learning Platform, 'Microsoft Education' for live lessons. Your account details for the above platforms have or will be distributed to families by teachers. The secure accounts or passwords must not be shared with other households and can only be used by the pupil for school use. However, if your child lives in more than one household, they may use the same login details at both addresses. Pupils are not to use any other account under any circumstances for the purposes of distance learning.

In order to make this process as effective and as engaging as possible we are utilising a variety of new technologies and teaching strategies. Where deemed appropriate to further enhance learning, staff will be making use of pre-recorded and live lessons. This is going to be an important element of our teaching and learning strategy and, as such, we need to ensure that all children and parents are aware of, and agree to, the code of conduct outlined below. This supports our usual acceptable usage agreements.

The agreement below is developed within an overarching aim to provide the very best teaching and learning opportunities whilst at the same time protecting our children and staff. It is essential that all parties are respectful of each other and that the use of video technology does not become an invasion of privacy.

Remote Learning Curriculum Design – A Blended Learning Approach

Statement of intent

At Westleigh Methodist Primary School, we understand the need to continually deliver high quality education, including during periods of remote working – whether for an individual pupil or many. The school vision *'Aspire, Believe, Achieve: With God nothing is impossible'* is interwoven within our curriculum intent and design. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the learning resources and support they need to succeed.

Through the implementation of this policy, we aim to:

- Minimise the disruption to pupils' education and the delivery of the curriculum.

- Teach a planned and well-sequenced curriculum so that knowledge and skills are built incrementally, with a good level of clarity about what is intended to be taught and practised in each subject.

- Set tasks and activities so that pupils have meaningful and ambitious work each day in a number of different subjects which reflects the curriculum which would be taught in school.

- Ensure provision is in place so that all pupils have access to high quality learning resources and strategies –which are consistently applied across school.

- To be responsive to children's learning to enable teachers to adjust the pace or difficulty of what is being taught in response to questions or assessments.

- To differentiate work to ensure the accessibility for all pupils; especially children with SEND.

- Provide printed resources, such as workbooks, for pupils who do not have suitable online access.

- Ensure all pupils have the provision they need to complete their work to the best of their ability, and to remain happy, healthy, and supported during periods of remote learning.

- Remain in communication with parents using Class Dojo or Tapestry.

- To set work on the learning platforms Class Dojo (Year 1 to Year 6) and Tapestry (Nursery and Reception) and provide feedback to children around their learning and next steps.

Blended Learning

In the event of the need for a group of learners to work from home, activities and resources will be shared on the learning platform Class Dojo (KS1 and KS2) and Tapestry (EYFS) on a weekly basis. These will be broken down into daily sessions which will replicate, where possible, the timetable followed in school. Printed work packs will be provided for children who are unable to access online resources. (In the event of a full school closure, the work will also be made available on the school's website). Planning will align to the planned school curriculum and link to our curriculum drivers of 'culture, possibilities and diversity.'

To support with teaching and learning, links will be shared within planning to further quality online resources such as IXL, Oxford Owl and TT Rockstars. If online support is not readily accessible, other learning aids will be provided, such as knowledge organisers, posters and prompt sheets.

One concern about home learning is that activities set by teachers may be predominantly screen-based, given that work is frequently set through the use of education technology. Teachers will ensure lessons aren't limited to on-screen activities by setting tasks that can be completed away from a device, to offer a balance of activity type.

Where websites are used, teachers will ensure that these are appropriate and free to use for parents/ children. Teachers will send out logins and passwords where necessary. Staff and pupils will only use their school-registered accounts to access learning platforms. Personal accounts must not be used under any circumstances for the purpose of remote learning.

Class Dojo

How can Class Dojo support remote learning?

Class Dojo's tools and activities are app based. Therefore, they are not device-specific and as long as your child has access to a device that can browse the web, then they should be able to access Class Dojo.

Class Dojo has features to support remote learning and safe communication.

Below is a summary of how Class Dojo will support your child's learning during a period of remote learning:

- The teacher will assign tasks for your child to complete at home using the class story page
- Children will submit tasks in their personal portfolios when they are ready for their teacher to view.
- All work is saved to your child's portfolio and work cannot, accidentally or otherwise, be saved to another child's folder.

- Children can only access their own work and cannot view or edit the work of peers.
- Teachers will give feedback on work completed and dojos will be awarded on completed tasks.
- Children can return to previous work to edit and improve after feedback from the teacher, replicating the learning process in school.
- Teachers can safely communicate with their class using the class story or messaging function (a simulated text system) enabling one-way or two-way communication.
- Children and staff can share learning and discussions using class story or school story.
- Children can build their individual work portfolios for teachers to access.

Children will be asked to upload completed work on to Class Dojo. Class teachers will provide instructions around this. Deadlines for work to be uploaded will be shared as work is assigned. Most work will be asked to be uploaded by the end of each day.

Live Learning

Live Learning may take place only when deemed necessary and beneficial to enhancing teaching and learning. Live learning can take place in a variety of ways from delivering parts of a lesson (e.g. introducing a new learning concept) or delivering bespoke interventions to a group of children. Live learning will typically last around 15 minute sessions and an adult should be present and visible on the screen with the child. More information on the use of this can be found in our Pupil Remote Learning Policy which can be found on the school's website. If Live Learning takes place, school will use Microsoft Education as a platform for this. Parental /carer consent is required to use Microsoft Education. Parents/carers and children must **both** sign and agree to follow the 'Acceptable Usage Agreement for Live Learning and Conduct.' (Appendix 2 of Pupil Remote Learning Policy). Without this consent and agreement, children will not be able to take part in any live lessons or teacher/ pupil check-ins.

It is important children, parents and staff follow the Online Safety rules stated in the 'Pupil Remote Learning Policy'. Any Safeguarding concerns must be shared with school straight away in line with the policy.

Coverage of learning

Planning for blended learning will align with the projected delivery of the school curriculum to provide consistency and progression. This ensures children are given the best opportunity to reconnect to the curriculum when on-site learning recommences. A weekly timetable, with suggested timings will be uploaded on to Class Dojo.

KS1 & KS2

- 4 x English lessons following a theme. Use of a stimulus to engage the children followed by learning around word and sentence level work. One piece of extended writing will be set each week, which is linked to the stimulus.
- Daily reading
- One reading comprehension per week.
- Spelling and phonics – At least one task per week focusing on key spelling patterns
- Daily Maths lessons, following the White Rose Scheme of Learning, which align with the method of delivery used in school. Learners will be able to build upon previous learning and develop a deeper understanding through practising fluency skills, reasoning and problem solving.
- Daily number facts/key skills practice
- Wider curriculum – daily sessions on a theme taught within the curriculum year group. This may be a pre-recorded lesson on Science, History, Art or RE followed by a task, or a knowledge organiser/resource sheet/powerpoint followed by a task. The subject being explored will change daily to ensure a broad and balanced curriculum. .
- Physical exercise, for example, join in with Joe Wicks PE Coach on You Tube or go for a walk/jog/bike ride.

Children will be expected to complete work set daily **between 9am and 3.15pm**. We do not expect children to complete activities outside of these hours. It is also important children take **regular breaks** in the morning, afternoon and at lunchtime where they will not be directed.

EYFS

The children in Nursery and Reception will be set some weekly fun activities to do, centred around the Development Matters Framework. These activities will be presented in a grid format (2 Year Old Nursery) and a weekly timetable for Pre-School and Reception. These will be available on Tapestry. These will include:

- Listening to stories recorded by our EYFS staff.
- Fine motor / handwriting practice activities.
- Daily Reading on Oxford Owl (Reception).
- Daily White Rose Maths activities.
- Challenge activities – such as a shape hunt, making minibeasts, masks etc….
- Topic based activities linked to subjects such as science, history, geography, PSHE etc
- Daily physical exercise – such as joining in with Joe Wicks PE coach on You Tube, going for a walk or trying some yoga.
- Phonics activities – practise letter sounds and high-frequency words.
- Number activities – number hunts, chants, songs and rhymes.

We encourage parents to upload evidence of children's learning onto our online assessment and observational tool - Tapestry. EYFS staff give daily feedback, during working hours, to any uploads.

Communication

Communication between home and school is key for effective blended learning to take place. During the period of blended learning, the school will maintain regular contact with parents and carers to:

- Check the well-being of their child and how well they are able to access the activities provided to ensure appropriate support is in place.
- Reinforce the importance of their child staying safe online and direct parents/carers to useful resources to help them keep their children safe online.
- Ensure parents are aware of what their child is being asked to do, e.g. sites they have been asked to use and staff they will interact with.
- Encourage them to set age-appropriate parental controls on devices and internet filters to block malicious websites.

The Learning Platform, Class Dojo will be used as the main form of communication during a period of remote learning for Year 1 to Year 6. Teachers will upload activities for children to complete and provide feedback and next steps, as necessary. Children can also comment about the work and aspects which they enjoyed or were challenged by. Teachers will set differentiated activities, where appropriate, to ensure the needs of all learners are met.

Class Dojo will also be used for wider communication between teachers and parent and carers. Teachers will respond to any communications within the working day.

In EYFS, Tapestry will continue to be the main form of communication.

Any important whole school changes will be communicated via Parentmail, Class Dojo, Tapestry and the school website.

A full copy of the Pupil Remote Learning Policy can be found on the school website. This is a live policy which is under regular review.
